How it Works

- Once at drugstore.com, scroll down to the **Store Directory** and click on **FSA Store** to access the 2,100+ over-the-counter (OTC) products typically eligible for Health Care Spending Account reimbursement.
- As you select the products you wish to buy, the site will automatically place them into eligible and non-eligible “shopping baskets.”
- When you check out, the cost of your eligible items will automatically be deducted from your Benny® Prepaid Benefits Card. You'll be asked for an alternative payment method to pay for items that don't qualify for pre-tax reimbursement.
- Your order and receipt will be sent to you.

Important Note: Your purchases are automatically substantiated for you. You do not have to send any receipts to Benefit Concepts.
